

MID-ATLANTIC COMBINED HEAT AND POWER APPLICATION CENTER

-- RESOURCE LIST --

The Mid-Atlantic CHP Application Center has prepared a database of local firms that provide CHP-related products which is being provided as a service for individuals who are looking for information on CHP. No formal evaluation of the companies or organizations identified in this database has been performed, therefore there is no endorsement, implied or otherwise, made by the identification of a company or organization in this database list. As is normal prior to entering into any contract or conducting significant business with any company or organization, it is recommended that a prudent investigation of that company or organization be made.

Product / Services Provided

[Curtis Engine & Equipment, Inc.](#) has been in business selling and servicing power generation equipment for emergency backup, peak-shaving, co-generation, and prime power applications in the mid-Atlantic U.S. region for over 60 years. One of the best-known and most highly regarded suppliers and maintainers of generator sets in the area, Curtis Engine has earned a solid reputation of standing behind every piece of equipment they sell. Curtis technicians currently service and maintain over 2000 generator sets in the mid-Atlantic region, including several primary power plants using both natural gas and diesel engine-generator sets.

[Curtis](#) is also the exclusive regional distributor for [Waukesha](#) gaseous fueled engine/generator sets, with units up to 3000 KW in size. [Waukesha](#) is one of the world's premiere gaseous fuel engine manufacturers, serving the primary power, peak-shaving, cogeneration, and gas compression markets for nearly 100 years.

[Curtis](#) is also the regional distributor for [Elliott Energy Systems](#) microturbines and microturbine/CHP packages.
